Dear Mr [REDACTED]

we refer to your Lamborghini Miura chassis number 3739 and this is to confirm that the car has been completely restored in S. Agata at our Centro Restauro, section of the Customer Service Department dedicated to collectors for Historical and Vintage Lamborghini models.

It has been a long and very accurate process but necessary to achieve expected quality standards and maintain originality.

To mention only the most significant steps, front and rear bonnets have been rebuilt to original conditions and shape, as well related under frames.

The lower section of the central part rebuilt as it was in origin, painted in original colour using original compounds.

The electrical wiring harness replaced with a new one.

The interior has been totally rebuilt, new leather and carpets, liner as it was in origin.

Total engine and transmission overhaul performed, suspension and brakes up date.

The restoration has been completed in May 2008.

Following our request and thanking again the owner for accomplishing, the Miura 3739 was displayed at our Centro Eccellenza to please daily visitors and enthusiasts.

With our best regards and compliments for the beautiful Miura.
